## E-Committee Digital Initiatives and Training Programme in the Month of October 2025

The month of October 2025 witnessed an intensified momentum in the ICT training programmes by Judicial Academies under the guidance of the e-Committee, Supreme Court of India. Throughout the month, multiple training programmes were conducted for Judicial Officers, Court Staff,

Advocates, Advocate Clerks, and Technical Personnel. Collectively, the nationwide efforts in October 2025 reached 12,632 participants, reflecting the eCommittee's sustained commitment to strengthen the access to justice through technology.

## Judicial Training & Research Institute (JTRI), Uttar Pradesh: Refresher Training on NSTEP Software for District Court Staff

The Judicial Training & Research Institute (JTRI), Uttar Pradesh efforts to strengthen process-level digital efficiency in the district judiciary by organising a one-day Refresher Training Programme on NSTEP Software (ECT\_8\_2025) on 25 October 2025. The programme was designed for Administrative Heads and Process Servers from districts across the State and was attended by 150 court staff. The training

especially focused on the practical use of the NSTEP mobile application, enabling participants to understand end-to-end digital process workflows and real-time tracking of summons and notices. By combining conceptual clarity with operational training, the programme aimed to enhance accuracy, accountability, and efficiency in process serving across district courts.

## Maharashtra Judicial Academy Hosts Training Programme for District Court Technical Staff on Digital Infrastructure Maintenance

The Maharashtra Judicial Academy conducted the Programme for Technical Staff of District Courts (ECT\_11\_2025) on 8 October and 14 October 2025. The programme was attended by 423 technical staff members, including District System Administrators and System Officers.

The training addressed critical aspects of digital infrastructure

maintenance, with sessions on hardware and software management, data replication and monitoring, video conferencing equipment, and LAN connectivity. By focusing on hands-on technical competencies, the programme aimed to ensure uninterrupted digital operations and effective technical support for district courts across the State.

## Driving Digital Transformation: West Bengal Judicial Academy held eCourts and Computer Skill Programme

With a focus on strengthening digital engagement within the Bar, the West Bengal Judicial Academy conducted a series of training programmes on 29 October and 31 October 2025, covering the Advocate/Advocate Clerk at District Headquarters (ECT\_4\_2025), Taluk Courts (ECT\_7\_2025), and the Computer Skill Enhancement Programme – Level I & II (ECT\_12\_2025). These programmes were organised across

multiple districts and trained 98 Advocates and Advocate Clerks. The training familiarised participants with e-Filing registration and filing workflows, state-specific portal features, and the fundamentals of video conferencing. Practical sessions were also conducted on the use of e-services and kiosk-based facilities, enabling hands-on learning.

## Chhattisgarh Judicial Academy Strengthens High Court's Tech Infrastructure with Special Training Programme

Focusing on the reliability and resilience of High Court digital systems, the Chhattisgarh Judicial Academy conducted a training programme for High Court technical staff (ECT\_10\_2025) on 15 and 16 October 2025. The programme was attended by 25 technical staff members and NIC Coordinators.

Guided by the Master Trainers and NIC personnel, the sessions

addressed core technical requirements essential for uninterrupted court operations, covering hardware and software maintenance, data replication and monitoring, server and network management, video conferencing systems, LAN administration, secure data handling and server administration reinforcing the High Court's technological foundation.

## Assam Judicial Academy Hosts Training Sessions on eCourts and Digital Infrastructure for Judicial Staff

Strengthening both the technical backbone of the High Court and the operational readiness of the District Judiciary, the Assam Judicial Academy conducted two key digital capacity-building programmes during October 2025, addressing

distinct stakeholder groups within the justice delivery system.

On 25 October 2025, the Academy organised ECT\_10\_2025, a specialised training programme for High Court Technical Staff, attended

by 27 Technical Staff members and NIC Coordinators. The programme focused on essential aspects of digital infrastructure management, including video conferencing equipment, LAN connectivity, data replication and monitoring, and hardware and software maintenance. The sessions were designed to equip participants with the technical skills necessary to ensure the efficient operation, stability, and upkeep of the High Court's digital systems.

Later in the month, on 30 October 2025, the Academy conducted the eCourts Programme (ECT\_16\_2025) at all District Headquarters, benefiting 405 Judicial Officers across the State. This programme provided an updated and integrated

overview of the eCourts framework, with focused sessions on record digitisation, e-Sewa Kendra operations, and integration with national judicial data platforms, including the National Judicial Data Grid. The training aimed to enhance institutional familiarity with digital court processes and strengthen uniform adoption of eCourts initiatives across districts.

Together, these programmes underscored the Academy's role in reinforcing digital infrastructure, enhancing judicial preparedness, and supporting the effective implementation of technology-enabled justice systems in Assam.

## Training at High Court of Arunachal Pradesh in Coordination with Assam Judicial Academy

As part of collaborative efforts to strengthen judicial technology capabilities at state-level, the High Court of Arunachal Pradesh, in coordination with the Assam Judicial Academy, conducted a specialised training programme (ECT\_10\_2025) on 25 October 2025. The programme was attended by Technical Staff members and NIC Coordinators of the High Court. The training was

designed to enhance technical proficiency and digital preparedness, focusing on equipping participants with practical knowledge and skills required to support technology-enabled court operations. Emphasis was placed on enabling staff to effectively navigate the functioning and sustained reliability of court systems.

## Gujarat State Judicial Academy Empowers 3,993 Stakeholders

October 2025 marked a period of wide-ranging digital capacity building covering 3,993 participants at the Gujarat State Judicial Academy, with multiple training initiatives addressing the needs of High Court staff, Judicial Officers, and members of the Bar across the State. The month began with the implementation of ECT\_15\_2025 on 4 October 2025, a specialised training programme for High Court Registry staff. Designed to enhance professional skills and operational

efficiency, the programme focused on the effective use of digital tools and best practices in court administration. 43 High Court officials participated in this training, which aimed to strengthen productivity and support technology-driven workflows within the Registry.

On 5 October 2025, the Academy launched a series of programmes for Advocates and Advocate Clerks, including the eCourts Programme at

District Headquarters (ECT\_4\_2025), Taluk Courts (ECT\_7\_2025), and the Computer Skill Enhancement Programme – Level I & II (ECT\_12\_2025). Conducted across several districts, these programmes trained 3,000 Advocates and Advocate Clerks, providing hands-on exposure to eCourt procedures and digital tools. The training covered an overview of the eCommittee and eCourts Project, scanning standards and accessible PDF preparation, e-Filing registration and filing workflows, state-specific portal features, video conferencing fundamentals, and practical use of e-services and kiosks.

Further strengthening judicial readiness, the Academy conducted

the eCourts Programme (ECT\_16\_2025) on 11 October 2025, benefiting 950 Judicial Officers from district headquarters across the State. This programme offered updated insights into the eCourts infrastructure, with focused sessions on record digitisation, e-Sewa Kendra operations, and integration with national judicial data platforms, including the National Judicial Data Grid.

Together, these initiatives resonated with the Gujarat State Judicial Academy's systematic approach to strengthening digital competence across all levels of the judicial ecosystem, supporting efficient, transparent, and technology-enabled justice delivery.

## Upgrading Skills of High Court Staff: Jammu and Kashmir Judicial Academy

Intending to increase the High Court staff's overall productivity and efficiency through technological indulgence, the Jammu and Kashmir Judicial Academy conducted a Refresher Training Programme (ECT\_15\_2025) on 11 October 2025 for High Court Registry staff. The programme was attended by 94 technical and non-technical staff members. The training focused on

enhancing overall productivity and operational efficiency through the use of digital technologies and best administrative practices. By equipping registry staff with updated skills and procedural knowledge, the programme aimed to strengthen day-to-day court functioning and support the effective adoption of technology-enabled workflows at the High Court level.

## Jharkhand Judicial Academy Facilitates Digital Enablement of Advocates

Strengthening digital capability across both the Bar and the Bench, the Jharkhand Judicial Academy organised two focused training programmes in October 2025, addressing the evolving technological needs of the justice delivery system.

On 12 October 2025, the Academy conducted the Computer Skill Enhancement Programme – Level I & II (ECT\_12\_2025) for 183 Advocates and Advocate Clerks of the district judiciary. The programme aimed to enhance technological proficiency

among legal professionals and align them with the expanding digital framework of the Indian judicial system. Participants received training on digitisation of court records, electronic case management tools, and e-Filing procedures, equipping them with essential skills for technology-enabled legal practice.

Subsequently, on 17 October 2025, the Academy organised the eCourts Programme at All District Headquarters (ECT\_16\_2025) for 128 Judicial Officers. This programme

provided an integrated overview of the eCourts ecosystem, covering the vision of the eCourts Project and Phase III priorities, hardware and software infrastructure, CIS fundamentals, court proceedings modules, and ICT tools supporting paperless courts, including e-Filing, ICJS, and NJDG. Sessions also addressed video conferencing and hybrid hearings, digitisation standards, and state-specific

implementation strategies, enabling officers to streamline judicial processes through effective use of digital platforms.

Collectively, these initiatives highlight the Jharkhand Judicial Academy's persistent focus on enhancing digital competence across judicial stakeholders, supporting efficient, transparent, and technology-driven court operations.

## Driving Digital Justice: Karnataka Judicial Academy Equips 4,472 Members of Judiciary and Bar with Comprehensive eCourts Services

Taking the initiative of a comprehensive, multi-stakeholder approach to digital capacity building, the Karnataka Judicial Academy conducted three major training

programmes in October 2025, targeting Advocates, Court Administration, and Judicial Officers across the State.

On 3 October and 18 October 2025, the Academy organised the eCourts Programme at District Headquarters (ECT\_4\_2025) for 1,513 Advocates and Advocate Clerks. The programme focused on familiarising participants with core eCourts functionalities, including the e-Filing portal, the importance of proper document scanning, use of video conferencing, electronic case management services, and digital tools essential for modern advocacy practice.

The Academy also conducted ECT\_5\_2025 for Administrative Heads and Court Managers of the District Judiciary, drawing a large participation of 2,349 officers. This programme addressed the managerial and operational dimensions of digital transformation, with sessions on change management, CIS features

and administration, process management including NSTEP, integration of e-Filing and ICJS, data management and digitisation SOPs, ICT asset management, and video conferencing operations. The training aimed to strengthen administrative leadership and ensure effective implementation of digital systems at the district level.

Further enhancing judicial readiness, the Academy organised the eCourts Programme (ECT\_16\_2025) for 880 District Judicial Officers at all District Headquarters. The programme provided a structured overview of the eCourts ecosystem, covering hardware and software infrastructure, CIS fundamentals, judicial proceedings modules, ICT tools supporting paperless courts—such as e-Filing, ICJS, and

NJDG—as well as video conferencing and hybrid hearings, digitisation standards, and state-specific implementation strategies. These programmes reflect the Karnataka Judicial Academy's

large-scale and coordinated effort to embed digital competence across the judiciary and the Bar, supporting efficient, transparent, and technology-driven justice delivery.

## Manipur Judicial Academy Bridges Digital Divide with eCourts Training for Advocates

Extending digital capacity-building efforts to the grassroots level, the Manipur Judicial Academy conducted a two-day eCourts training programme at the Taluka/Village level (ECT\_7\_2025) between 18 October and 29 October 2025. The programme trained 53 Advocates and Advocate Clerks,

equipping them with essential skills to effectively engage with technology-enabled court processes. The training covered key functional areas, including e-Filing procedures, video conferencing, and foundational hardware and software knowledge required for digital court operations.

## Meghalaya State Judicial Academy Enhances Digital Literacy

The Meghalaya State Judicial Academy conducted a series of three focused training programmes on 30 October 2025, covering Advocates, Advocate Clerks, and Judicial Officers. The eCourts Programme at District Headquarters (ECT\_4\_2025) and the Computer Skill Enhancement Programme – Level I & II (ECT\_12\_2025) were organised to equip Advocates and Advocate Clerks with practical digital skills essential for effective legal practice. Participants received hands-on training on the eCourts system, including document scanning, e-Filing procedures, digitisation of

court records, use of ECMT for lawyers, and the fundamentals of video conferencing hardware and software. 45 participants attended this programme. On the same day, the Academy also conducted the eCourts Programme at All-District Headquarters (ECT\_16\_2025) for 4 District Judicial Officers. This programme familiarised officers with the operational aspects of the eCourts platform, supporting the streamlining of judicial processes through effective use of digital tools.

## Odisha Judicial Academy Boosts ICT Skills of Judicial Officers and Advocates

Expanding digital capacity at both the grassroots and institutional levels, the Odisha Judicial Academy conducted two targeted training programmes in October 2025, addressing the digital skill requirements of Advocates, Advocate Clerks, and Judicial Officers of the District Judiciary.

On 18 October 2025, the Academy organised an eCourts training session (ECT\_7\_2025) for Advocates and Advocate Clerks at the Taluka and Village levels, benefiting 65 participants. The programme focused on practical aspects of digital court practice, including e-Filing procedures, video conferencing,

foundational hardware and software knowledge, and the use of electronic case management services and tools for advocates, enabling smoother interaction with eCourts platforms. Subsequently, on 26 October 2025, the Academy conducted the Computer Skill Enhancement Programme – Level I & II (ECT\_13\_2025) for 150 Judicial Officers of the District Judiciary. This programme aimed at strengthening core computer competencies essential for day-to-day judicial functioning, supporting efficient use of digital tools in court administration and adjudication.

## Telangana State Judicial Academy Enhances Technical Skills of District Staff

The Telangana State Judicial Academy conducted a specialised training programme (ECT\_11\_2025) for the Technical Staff of District Courts on 18 October 2025 with a focus on ensuring the smooth functioning of technology-driven court operations. The programme was attended by 80 participants, including Technical Staff, District System Administrators, and System Officers.

The training addressed essential technical competencies required for the effective operation and maintenance of digital court infrastructure, equipping participants with the practical skills necessary to support reliable and efficient court technology systems at the district level.

## Driving Modern Court Operations: Uttarakhand Judicial And Legal Academy Equips Judicial Officers with Essential Digital Skills

In order to improve the digital competences of Judicial Officers of the District Judiciary (all cadres), the Uttarakhand Judicial and Legal Academy held the Computer Skill Enhancement Programme - Level I & II, ECT\_13\_2025, on October 26, 2025. This extensive capacity-building project involved 44 judicial officers. The course

concentrated on fundamental ICT skills necessary for contemporary court operations, such as an introduction to computer hardware and software, efficient use of office suites for administrative and judicial tasks, creation of accessible PDF documents, and speech-to-text tools for effective draughting.

## Digital Empowerment at High Court

### Rajasthan High Court Rooms Go High- Tech with Tablets for Virtual Hearings

The Rajasthan High Court has equipped its courtrooms with tablets for use by Court Masters, supporting both administrative and procedural operations of the Courts. The tablets are being utilised by Court Masters for a range of digital court functions, including video conferencing, case management and online record keeping, electronic cause-list access

and case status tracking, and digital note-taking during court proceedings. Additional features such as marking and highlighting PDF documents and real-time case tracking have further streamlined courtroom workflows, thereby contributing to smoother conduct of proceedings and strengthening the overall virtual court ecosystem.

## Implementation of e-Summons in the District Judiciary of Tamil Nadu and Puducherry

In the backdrop of the enactment of three landmark criminal laws, namely the Bharatiya Nyaya Sanhita, 2023, the Bharatiya Nagarik Suraksha Sanhita, 2023, and the Bharatiya Sakshya Adhiniyam, 2023, significant step has been taken towards modernising criminal process delivery through the implementation of e-Summons in the District

Judiciary of Tamil Nadu and the Union Territory of Puducherry. As part of this initiative, the ICJS Team's e-Summon application was tested in Tamil Nadu and Puducherry through pilot deployments, wherein summons were transmitted to the Police Department on a trial basis for service through the digital platform. Following successful testing, the

Madras High Court, with effect from 22.10.2025, implemented the e-Summon / e-Warrant Application for all criminal proceedings, including cases under the Negotiable Instruments Act.

To provide a statutory framework for this transition, the Governments of Tamil Nadu and Puducherry have formulated and notified Rules on e-Summons, which have been published in the respective Government Gazettes. Through ICJS integration, e-Summons and e-Warrants generated in the Case Information System (CIS) are seamlessly made available on the mobile-based e-Summon application used by police officials.

The application enables real-time digital service of summons, with police officers receiving instant

notifications upon assignment. Dashboards facilitate monitoring by district-level police and court officials, allowing effective tracking of pending, served, and returned summonses. During service, police officials capture essential compliance data, including photographs of recipients (or reasons for non-service), signatures of parties, and geo-coordinates (latitude and longitude), ensuring transparency, accountability, and verifiable service.

This end-to-end digital integration marks a major advancement in criminal justice administration, strengthening coordination between courts and law enforcement agencies while ensuring timely, traceable, and technology-driven service of judicial processes.

## Leave Management Application as an Enhanced Module of the Vacancy Monitoring System 2.0 at High Court of Tripura

Strengthening internal administrative digitisation, the High Court of Tripura, through its in-house technical team, launched a Leave Management Application (LMA) on 30.10.2025 as an enhanced module of the Vacancy Monitoring System (VMS) 2.0. The application marks a significant step towards paperless court administration by seamlessly integrating leave management functions with existing judicial data systems.

The Leave Management Application directly accesses data from the VMS

database and enables role-based workflows for leave application submission, forwarding, approval, and maintenance of digital leave registers. The system is designed for use by multiple stakeholders, including Applicants, Approvers, and Administrators, ensuring structured processing and accountability at every stage. In the first phase of implementation, the application will handle leave-related matters of officials and personnel of the District Judiciary of Tripura, including Judicial Officers of the Civil Judge (Senior Division) and Civil Judge (Junior Division) cadres posted in district courts. By replacing manual processes with a fully digital workflow, the application is expected to significantly improve operational efficiency and transparency.

**HIGH COURT OF TRIPURA  
AGARTALA**

No.F.6(37)-HC/2024/26735

Dated, Agartala, the 30<sup>th</sup> October, 2025

**NOTIFICATION**

Hon'ble The High Court has been pleased to implement the *Leave Management Application (LMA)* as an integrated part of the *Vacancy Monitoring System (VMS) 2.0*, with effect from **01.12.2025**, initially for the Grade-II and Grade-III Judicial Officers as well as other officers and staff members of the District Judiciary of Tripura.

The LMA facilitates end-to-end digital processing of leave applications, ranging from submission to approval, by leveraging data from the VMS database. This initiative is aimed at promoting a paperless administrative environment and enhancing operational efficiency.

**Usage Guidelines for the Leave Management Application (LMA):**

(a) **Station Leave and Casual Leave:** These categories of leave are neither carried forward to subsequent years nor recorded in the Service Book. Accordingly, with effect from **01.12.2025**, the applications for Station Leave and Casual Leave shall be submitted, processed, and approved/rejected exclusively through the LMA. The use of physical paper-based applications for these leave types shall be discontinued.

(b) **Other Leave Categories (E.g., Earned Leave, Half-Pay Leave, etc.):** As these leave types are carried forward from year to year and require entry in the Service Book, the LMA shall be used solely for the purpose of digital submission and forwarding of the leave application, replacing the physical paper format at this stage. However, the final order of sanction/ rejection issued by the competent authority shall continue to be printed, communicated and maintained as per the existing practice in compliance of the relevant rules.

All the prerequisite activities, including pending leave Master Data Entry must be completed on or before **28.11.2025**.

For effective utilization of the LMA, copies of the approved Standard Operating Procedure (SOP) and User Manual have been annexed to the notification.

Moreover, for convenient usage of the LMA, a two-day virtual training session has been scheduled on **06.11.2025** and **07.11.2025** at **5:00 PM onwards** for all the stakeholders of this application.

By order  
Sd/-  
(Vishwajeet Pandey)  
Registrar General

The initiative is also projected to yield substantial environmental and administrative benefits, with an estimated saving of over 36,000 paper copies annually. This development reaffirms the High Court of Tripura's commitment to adopting technology-driven solutions for efficient, sustainable, and modern judicial administration.

## Implementation of SD-WAN in High Court of Madhya Pradesh, Jabalpur

SD-WAN (Software-Defined Wide Area Network) is a modern WAN technology that simplifies and enhances the management of branch connectivity. It uses software-based controllers, centralized orchestration, and intelligent path selection to route traffic across multiple links (MPLS, Broadband, 4G/5G, etc.) efficiently. Instead of relying only on expensive MPLS circuits, SD-WAN enables secure and optimized traffic flow using any available WAN link, improving application performance, security,

and reliability. SD-WAN aligns with the growing need for secure digital governance, improved service uptime, rapid expansion, and optimized operational costs, making it an ideal solution for judiciary and state government ICT transformation.

### Features of SD-WAN:

- Centralized & simplified network management
- Better performance using traffic steering across DOJ MPLS, MPSWAN & Broadband
- Lower operational cost compared to pure MPLS
- Higher uptime using dual/tri-link failover
- End-to-end security with encryption & segmentation

## High Court of Chhattisgarh: Disposal of e-Waste and Scrap Materials Under e-Waste Management

In compliance with the e-Waste Management Rules, the High Court of Chhattisgarh has identified and prepared a list of out-of-warranty computer articles, nonfunctional Computer articles and other electronic items that are currently lying unused in the store rooms of the High Court of Chhattisgarh as well as various District Courts across the State. Firstly, the Computer articles which were out of warranty and found to be functional after some repairing work, were auctioned amongst employees of the Courts. Thereafter, for the proper disposal of the remaining Computer articles which are out of warranty and non

functional, a Tender Notice was published on the official website of the High Court and in newspapers, in accordance with the prescribed rules and procedures for disposal of said e-waste and scrap materials. Subsequently, tenders were received from four firms. Upon evaluation, all four firms were found technically qualified for the disposal of e-Waste and scrap materials. Thereafter, the financial bids submitted by these four firms were opened. We are now in a position to issue the Work Order to the bidder who has quoted the highest rates for the disposal of the aforesaid e-Waste and scrap materials. This process has been carried out transparently and in full compliance with the relevant guidelines and regulations.

## Special Training Initiative by Delhi Judiciary on Effective and Efficient Process Serving for District Courts of Delhi

As part of a focused initiative, a Special Training Programme on Effective and Efficient Process Serving was conducted for Process Servers of the District Courts of Delhi through the online mode using the Webex Meeting Platform. The programme was organised as a half-day session (post-lunch, two sessions) and was held on 15 October 2025 and 12 November 2025, with participants attending from their respective District Court Complexes.

The initiative was designed to enhance the professional skills of

Process Servers by strengthening their understanding of procedural requirements, efficiency in service delivery, and the effective execution of court processes. By leveraging virtual training infrastructure, the programme ensured wider participation and uniform dissemination of best practices across district courts. This special training initiative reflects a targeted approach towards improving the effectiveness of process serving and reinforcing the operational efficiency of the district judiciary.
